

EARTH AND MAN

...EARTH AND I

23 April 2013, Doon School
The Achiever's Program

Sanjay Sondhi

www.titlitrust.com

Then.....

B Tech IIT Kanpur 1987

1987-2000: Thermax

2000-08: Honeywell

Managing Director, Honeywell Turbo

Start up, 0 to \$ 100 M in 4 years, 600 people.

Making turbochargers for automotive biz.
60% exports.

Then.....

2005: Premier Achievement
Award...gob on Times Square

Bill board, NY!

2006: TS President's Award

2008: Plans to make largest
global facility.

Aug 08: Quitting the 3 P's!

Now.....

Decided to follow my passion.

Relocated to Doon from Pune.

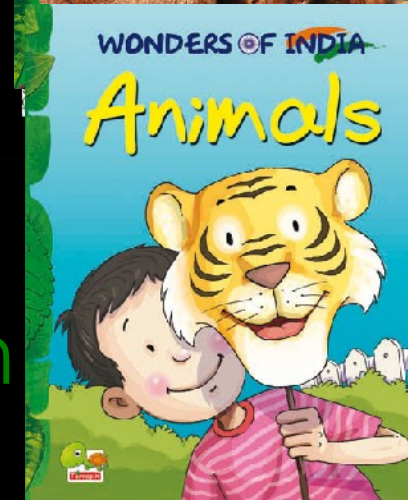

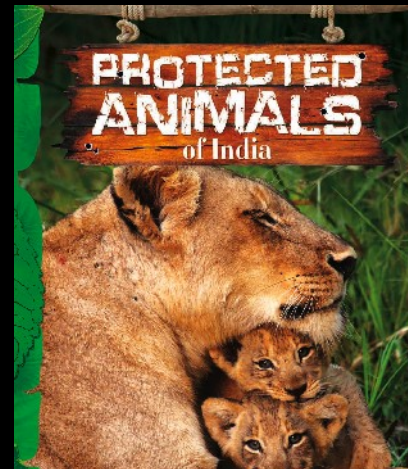

Nature conservation

Set up Titli Trust..a Nature
conservation NGO

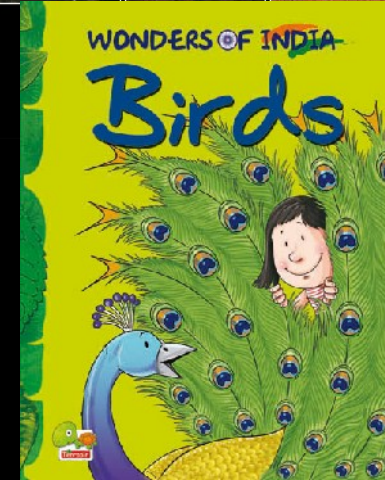

Conservation Research

Conservation Action

Education and Outreach

BUTTERFLIES
OF THE GARO HILLS

Now.....

E. & W. Himalaya:
Meghalaya , Arunachal,
Nagaland, Uttarakhand...

Faunal surveys, work with local
communities...education, live-
lihoods, man-animal conflict

Earnings: x/20!

Satisfaction: 20x!

New butterfly record for India

Discovered new frog species!

Why.....

Nature...a lifelong passion!

Witnessing...ravaging of planet earth!

Highest species extinction rate ever, Niyamgari/Avatar, food security, water security, global warming.... The list and challenges are endless.

Giving something back...satisfaction!

Prodding others to do the same!

Trying to make a difference!

What does all of this mean to you.....

The planet is running out of time!

It is everyone's problem, including yours!

Choices

Professional: Green products, technologies

Personal: lifestyle choices

You are next-gen leaders...thought leadership!

Green Professional Choices.....

Environmental engg....products & services

Climate change...impact, mitigation

Energy efficiency

Green products & technologies

**Business...green energy, renewables,
packaging, re-cycling**

Personal...organic innovations

**And many others (tourism, photography,
writing.....)**

Green Personal Choices.....

Reduce: electricity, water, food wastage, fuel (cycling!), e-waste

Re-use: paper, pens, waste water

Replace: non-conventional energy-solar

Recycle-laptops, mobiles, household waste, old clothes

You, too, can, make a difference! What's important is that you care!

Green Personal Choices.....

Make a pledge.

Choose 3 green habits.

Commit to follow these, today, tomorrow, forever. Practice it everyday!!

For the rest of your life.

Get your family, neighbours to adopt it too!

No action is too small.

You, too, can, make a difference! What's important is that you care!

The journey has
just begun.....
